

**The City of Littlefield will hold a Small & Microenterprise Revolving Fund Workshop presented by South Plains Association of Governments. The workshop will be at City Council Chambers, 525 Phelps Ave., on April 18<sup>th</sup> from 10:00a.m.-11:30a.m.**

**The current need for this fund is to expand economic development. The City would like to expand lending opportunities to small business and microenterprises in the area through a cooperative agreement with a qualified, nonprofit development organization, to support job creation/retention activity for predominately low and moderate income person, but requires additional capitalization to do so.**

**Question or comments:  
Janine Butler  
City Secretary
