Budget Message for the Mayor and City Council

Honorable Mayor and Esteemed Members of the City Council,

It is with great respect and a deep sense of responsibility that I present to you the proposed budget for the upcoming fiscal year. One of the most important tasks a city manager and his team has is submitting a fiscally responsible budget to the council. Our goal is clear: to steward the funds and resources entrusted to us by the citizens of Littlefield in a way that not only meets the needs of our city employees but also lays the groundwork for policies and visions set by the city council and citizens.

Economic and Fiscal Outlook

The past year has brought both bright spots and hurdles to our local economy. Our projected revenues for the coming year are stable but demand careful stewardship. Unfortunately, our sales tax revenue appears to have decreased slightly. To that end, this budget takes a cautious yet optimistic approach—investing in strategic priorities while maintaining reserves to safeguard against unforeseen events.

General Fund

This budget allocates resources with a balanced approach, ensuring that every dollar spent delivers tangible value to our residents. General fund revenues are estimated to be slightly lower than the 2024-2025 fiscal year \$6,332,469 (8.8% decrease from last year). Fortunately, we have proposed General Fund expenses to be lower, \$6,225,754 (1.7% decrease) The cost for the city's property insurance, workers compensation and a slight increase in health coverage has increased about 2%. We have proposed a 3% raise for most of the staff. Several departments were given salary adjustments to stay competitive, and we have reinstated performance reviews. The following areas are of particular focus:

Public Safety

EMS-Our commitment to a safe and secure city remains unwavering. The proposed budget includes targeted funding to maintain and improve police, fire, and emergency medical services. According to our EMS leadership, we have come to the point that relying on EMS volunteers to cover shifts is no longer a viable option. We have proposed hiring an EMT

position and raising the hourly rate for the current staff. This was a significant increase in salaries. Our EMS service does their own in-house billing and generates a substantial amount of revenue, so it is still in the city's favor to supplement the cost of having our own EMS.

Fire Department-The last payment was made on the fire truck which also affected our overall expenses in the general fund.

Police Department-The council was supportive in purchasing modern equipment, redoing the logos on our police vehicles, training, and community initiatives. Salaries were increased for entry level police officers to retain and recruit new officers. This coming year the police department looks like it will be fully staffed. The Chief and his staff have done a great job of recruiting. The police department is requesting one patrol vehicle.

Public Works-Our sealcoating project has gone well for the last few budget cycles, and we were able to reduce this coming year from \$350,000 to \$250,000 and complete the multi-year sealcoating project. The landfill has requested one pickup.

Aquatic Center-We have increased repair and maintenance for the pool and adding shade areas. The pool will probably be drained this year to repair some plaster and remove staining from the walls. The pool had another successful season with record turnout.

Parks-The Parks Advisory Committee has started meeting quarterly and provided support to help upgrade several benches and picnic tables at Crescent and Laguna Park. The city and park board have funded our tree trimming project and cleanup of our parks. We will continue to pursue grant opportunities with the help of the South Plains Association of Governments (SPAG).

Water Fund

Modern, well-maintained infrastructure is vital to our city's prosperity. Water sales are proposed to be \$3,810,745, slightly higher than last year. This budget designates significant funding for fire hydrant repairs. By prioritizing infrastructure, we are not only facilitating daily life but also attracting investment and improving quality of life. The utilities department has requested one pickup to replace an aging vehicle. Expenses in the water fund have increased from \$3,616,586 to \$3,970,341. This significant increase is the cost for repairing about 30 fire hydrants across town. This increase does not include our bond debt for our water and sewer projects. Those projects are a stand-alone fund that includes the 3-million-gallon storage tank, two new wells, and the construction of a new main lift station. Bids have been advertised this year for the storage tank and main lift station. The permit application for the two water wells has been submitted to TCEQ.

Closing Thoughts

In closing, I extend my gratitude to the Mayor, City Council, city staff, and the community for their input, dedication, and shared vision. Our city is better when we work together. With careful planning and shared determination, we can overcome challenges and seize opportunities for growth.

Respectfully submitted,

Ray Resendez

City Manager
