

## ☀️ Help Us Beautify Littlefield! ☀️

### A Community-Wide Cleanup Effort Begins

The City of Littlefield is proud to announce a new phase in our mission to keep our community clean, safe, and beautiful. Together with our residents, local businesses, and civic leaders, we're taking steps to ensure our city reflects the pride and values of the people who live here.

### 📋 What's Happening?

We're launching a renewed cleanup effort to address:

- 🌿 Overgrown weeds & unmaintained lots
- 🚗 Junked or inoperable vehicles
- 🗑️ Trash, debris, and unsightly accumulations
- 🏠 Dilapidated or unsafe structures

Code officers will be in **designated districts** for **two weeks at a time**, focusing on these common code violations.

💡 **First step:** Door hangers or stickers to remind residents of known issues. 🗨️ **Note:** We understand recent rain has made mowing and cleanup difficult, so we're offering **extra time and leniency** where needed.

### ☀️ Introducing the Weekly Yard Spotlight!

We want to **celebrate** residents who go the extra mile to maintain their yards and beautify their neighborhoods. Each week, one property will be recognized in our:

### 🏆 Weekly Yard Spotlight

🏆 Sponsored by:

- City of Littlefield
- Littlefield Chamber of Commerce
- Continental Dairy Facilities Southwest
- And other local businesses

📞 **Want to nominate a yard?** Call City Hall at 806-385-9202!

 **A Message from the City**

“This initiative is another step—just like the Citizens Collection Station and the Blight Program—toward building a cleaner, healthier Littlefield. But we can’t do it without you. Let’s work together to take pride in our properties and our community.”

Thank you for your continued support and efforts to **Beautify Littlefield!**
